Dedicated to three Daves, Pat, Dena, Alan, Scott, John, Bill, Phil, Kurt, Clay and the rest of the DFWLUG and DECUS folks who've put up with me over the years; I've learned so much from all of you! Also to Margie, Pam, Alan, and all of the HP and Digital Press team for all their help and patience while I completed this book. And finally, thank you to Steven Smiley for his wise council, extra set of eyes, and sharing with me all the excitement that Open Source is bringing to our industry.

Table of Contents

Forward	xi
Preface	xiii
Chapter 1 – Assessing OpenVMS and Linux: The Right Tool for the Right Job	1
Good, Better, Best	1
Why OpenVMS?	2
Why LINUX?	5
The Bottom Line	6
Chapter 2 – Breaking into OpenVMS and Linux	9
Equipment for Those Who Have None	9
Reality Sets in on the Way Home	9
Back at the Treasure Hunt	10
Legitimate Reasons for Breaking into Linux or OpenVMS Computers	10
Ten-Step Process for Changing a Linux System’s Root Password	11
Ten-Step Process for changing an OpenVMS System Password	12
First the Rush, Then the Letdown	13
Chapter 3 – TCP/IP for OpenVMS and Linux	15
Today’s Networking Standards	17
The Importance of a Network Manager	18
Questions for Network Setup (Questions You Must Ask to Set up a TCP/IP Network)	19
Configuring the Systems	22
Configuring TCP/IP on Linux	22
Configuring TCP/IP on OpenVMS	24
TCP/IP Applications	26
URL Tricks and More	27
Chapter 4 – Security Tools for OpenVMS and Linux	29
Ever Been Hacked?	29
Four Days Later	29
Preparing for the Storm	31
TCP/IP Known Ports	32
Encryption—Not Just for Breakfast Anymore	35
SSH (V1 and V2)	35
SSL	36
Stunnel	37
Security in an Insecure World	55

Chapter 5 – X Windows Applications:	
X Windows Interoperability with VMS and Linux	57
X Windows, VMS, Linux, and a Bit of History	57
Displaying OpenVMS X Windows Applications on a Linux Workstation	58
Command Controls for Your X Windows Sessions	60
Linux Command: xhost	60
OpenVMS Commands: SHOW-SET/DISPLAY and CREATE/TERMINAL	60
OpenVMS X Windows Applications	62
Displaying Your Linux X Windows Applications on OpenVMS	67
Summary	70
Chapter 6 – Using E-mail with OpenVMS and Linux	71
Back in the Old Days	71
We Used to Copy E-mail Across 2,400-Baud Modems?	71
From the Dawn of the Network Era to Today	72
E-mail Programs Come and E-mail Programs Go	73
Open Source Open Standards Internet Mail	73
E-mail Server Configuration for OpenVMS	75
Setting up E-mail Clients for Our E-mail Server	93
Linux Mozilla Installation	93
OpenVMS Mozilla Installation	99
Mail Client Configuration on OpenVMS or Linux	104
E-mail Wants to be Free	113
Chapter 7 – SMB for Linux and OpenVMS	115
Using SMB with OpenVMS and Linux for Disk Sharing	115
Enter SAMBA	115
SMB Options for OpenVMS, Advanced Server, or SAMBA	115
Linux and SAMBA	116
OpenVMS Advanced Server Installation and Configuration	123
Step 1: Configure the OpenVMS registry	123
Step 2: Configure OpenVMS IP for Advanced Server	130
Step 3: OpenVMS Advanced Server Install	134
Step 4: Configuring OpenVMS Advanced Server processes	140
Step 5: Configure OpenVMS Advanced Server as a Domain Controller	149
Chapter 8 – Apache VMS and Linux Style	155
You Never Really Forget your First Web Server	155
Web master flash forward with Apache	156
Linux Apache Web server Installation	156
OpenVMS Apache based Secure Web server	168
Linux and OpenVMS—The Future	185

Chapter 9 – A Compendium of Open Source Tools for OpenVMS and Linux	187
Open Source Tools	187
OpenVMS and Linux Open Source Archives	190
Index	191
