

ANALECTA GORGIANA

Volume 46

General Editor

George Anton Kiraz

Analecta Gorgiana is a collection of long essays and short monographs which are consistently cited by modern scholars but previously difficult to find because of their original appearance in obscure publications. Now conveniently published, these essays are not only vital for our understanding of the history of research and ideas, but are also indispensable tools for the continuation and development of on-going research. Carefully selected by a team of scholars based on their relevance to modern scholarship, these essays can now be fully utilized by scholars and proudly owned by libraries.
