## ***Population Geography***

### **THE PERGAMON TEXTBOOK INSPECTION COPY SERVICE**

An inspection copy of any book published in the Pergamon International Library will gladly be sent to academic staff without obligation for their consideration for course adoption or recommendation. Copies may be retained for a period of 60 days from receipt and returned if not suitable. When a particular title is adopted or recommended for adoption for class use and the recommendation results in a sale of 12 or more copies, the inspection copy may be retained with our compliments. The Publishers will be pleased to receive suggestions for revised editions and new titles to be published in this important International Library.

## **PERGAMON OXFORD GEOGRAPHIES**

19. Infant mortality rates in Europe, 1961	123
20. Male mortality from all causes in England and Wales, 1954-8	126
21. Male mortality from bronchitis in England and Wales, 1954-8	127
22. The growth of world population	154
23. Models of demographic transition	157
24. Types of population growth in the 1960s	158
25. Cartesian co-ordinate graph for showing types of population change	161
26. Generalized population/resource regions	169

## PREFACE TO SECOND EDITION

IN THIS extensively revised and extended second edition I am indebted to critics who have urged less brevity than in the first edition, and to research students (particularly Mr. C. A. Palmer) who have made suggestions for specific additions. I must also thank Mrs. P. Blair for retyping much of the text.
