LOADING MEMORY...

For centuries, the **Assassin Brotherhood** has fought a covert war against their sworn enemies, the **Templar Order**. Via the Pieces of Eden — advanced relics left behind by a precursor race — the Templars seek to create a 'perfect' world governed by discipline and unity, directly contrasting the ideals of the Brotherhood, who strive to safeguard humanity's free will.

After uncovering a mole within their operation and coming to blows with a mysterious and highly powered faction, the Assassin Brotherhood is on high-alert. Known as the **Instruments of the First Will**, this ancient fanatical cult hopes to revive the Isu entity, **Juno**, and usher in a New World Order.

In order to further explore this uprising, Master Templar, **Otso Berg**, has been operating under the guise of the new **Black Cross**, discovering a connection between all three factions linking back to the Spanish Civil War.

Now looking to the past for our answers, our Assassins hope to discover the location of the **Koh-I-Noor**, a devastating Isu weapon that could turn the tide in the upcoming battle. Through the memories of her ancestor, the Spanish anarchist Assassin **Ignacio Cardona**, recent initiate **Charlotte de la Cruz** and her allies now face the biggest test of their lives. But in order to save the world, some uneasy alliances will need to be forged...
