About the Author

Ahmed Mohamed Rafik Moustafa is an Egyptian professional ERP consultant/trainer for Microsoft Dynamics ERP products, specializing in Microsoft Dynamics AX 2009/2012, Microsoft Dynamics Great Plains GP 9.0/10.0, and Microsoft RMS. He also has experience in technical skills such as SQL, SQL Server, SQL Reporting Services, and Crystal Report. He has led various implementations in diverse ERP Modules over the Middle East in different Arab countries to meet and exceed challenging business needs such as Financial Management, Inventory Management, Purchase Management, Sales Management, Project Accounting, Human Resource, and Customer Relationship Management.

His professional career, spanning more than 8 years, has combined expertize in business management, finance, and information technology in different industries. Success in ERP projects depends on the people who use the ERP system and also the consultant team who implements the ERP system. In addition to his exceptional communication skills, he has a special talent for bringing out the best in others, especially with his team members by instilling in them a high level of motivation.

When he isn't focusing on his career, Ahmed enjoys his favorite sports such as football, swimming, and tennis. He is also a good piano player and as you can see, he tries to keep a balance in his life through his diverse interests because he enjoys living life with joy and passion.

About the Reviewers

Abdelrahman Magdy is a Supply Chain Functional Consultant on Microsoft Dynamics AX 4/2009/2012.

He is a professional consultant with more than five years experience in Microsoft Dynamics AX. He is involved in various implementations of Microsoft AX products over the Middle East in different industries.

He likes to read about information technology.

Saptha Wanniarachchi is a certified and experienced IT professional from Sri Lanka with quite extensive professional experience in Microsoft Dynamics-based Business Solutions. He is currently employed with SML Sri Lanka, an international global branding and packing company. He takes particular pride in his abilities in infrastructure design and implementations for Microsoft Dynamics AX/NAV ERP Systems, system automation, and CRM online solutions.

He has been working with several local magazines, writing network and system security articles in the local language.
