Acknowledgements

First and for most, I would like to express my heartfelt gratefulness to the gracious God for his undeserved mercy that carried me every step of this research endeavor. Then I would also like to extend my appreciation to my advisor Dr. Abiy Hiruy for being very supportive, kind, willing and for providing constructive guidance. May God bless him and his family!

I am very thankful for the church leaders and all the people that I have come across in the six churches for showing me positive attitude, encouragement and for taking their time to participate in this study.

And finally, I would like to thank my family and friends for assisting me in every way they could. May God bless you all!
