ASSESSMENT OF STANDARDIZED ILEAL DIGESTIBILITY AND BASAL ILEAL  
ENDOGENOUS LOSSES OF AMINO ACIDS ASSOCIATED WITH BARLEY IN GROWING  
PIGS

Institute of Animal Science  
University of Hohenheim  
Animal Feeding and Inputs  
Prof. Dr. Dr. h.c. R. Mosenthin

**ASSESSMENT OF STANDARDIZED ILEAL  
DIGESTIBILITY AND BASAL ILEAL ENDOGENOUS  
LOSSES OF AMINO ACIDS ASSOCIATED WITH BARLEY  
IN GROWING PIGS**

**DISSERTATION**

submitted in fulfillment of the requirements for the degree

“Doktor der Agrarwissenschaften”

(Dr. sc. agr. / PhD in Agricultural Science)

to the

Faculty of Agricultural Sciences

presented by

Hanna Katharina Spindler

born in Albstadt-Ebingen, Germany

2015

This work was supported by funds of the Federal Ministry of Food, Agriculture and Consumer Protection (BMELV) based on a decision of the Parliament of the Federal Republic of Germany via the Federal Office for Agriculture and Food (BLE) under the innovation support program.

# Für Carla und Martha

...ausserdem für: Leuk, Mama, Papa, Caspar, Max, Jenny, Alina, Opa, Oma, Henry (Hund), Großpapa, Maria, Uli, Andreas, Susanne, Lucia, Sophia, Mathilde, Thomas, Lea, Wolfgang, Conny, Elmar, Georg, Nicola, Paula, Anton, Elisa, Lydia, Frederike, Sarah-Lena, Doro, Mona, Pia, Henry, Uli, Christel, Eva, Sonja, Kati, Michel, Bea, Vanessa, Isa, Ramona, Peter, Sarah, meinen Computer der mich zum Glück trotz meines teilweise sehr fahrlässigen Umgangs die ganze Zeit über nicht im Stich gelassen hat, und natürlich meine neun lieben Schweine, die mir diese Versuche erst ermöglicht haben.

„Die Welt ist voll von Sachen, und es ist wirklich  
nötig, dass sie jemand findet.“

Astrid Lindgren

## TABLE OF CONTENTS

|   |           |
|---|-----------|
| <b>1. General introduction and work hypothesis .....</b>  | <b>3</b>  |
| 1.1 General introduction .....  | 3         |
| 1.2 Work hypothesis .....   | 4         |
| 1.3 References.....   | 4         |
| <b>2. Evaluation through literature data on standardized ileal digestibility and basal ileal endogenous loss of amino acids associated with barley in pigs.....</b> | <b>9</b>  |
| 2.1 Summary .....   | 9         |
| 2.2 Implications .....  | 10        |
| 2.3 Introduction.....   | 10        |
| 2.4 Materials and methods .....   | 11        |
| 2.4.1 The database .....  | 11        |
| 2.4.2 Calculations .....  | 12        |
| 2.4.3 Statistical model .....   | 13        |
| 2.5 Results.....  | 13        |
| 2.5.1 General observations .....  | 13        |
| 2.5.2 Chemical composition of the barley samples.....   | 14        |
| 2.5.3 Determination of SID by correcting AID for IAA <sub>end</sub> .....   | 16        |
| 2.5.4 Determination of SID and IAA <sub>end</sub> by regression analysis .....  | 16        |
| 2.6 Discussion.....   | 17        |
| 2.7 Acknowledgements.....   | 23        |
| 2.8 References.....   | 23        |
| <b>3. Standardized ileal digestibility of amino acids in eight genotypes of barley fed to growing pigs .....</b>  | <b>33</b> |
| 3.1 Abstract.....   | 33        |

|           |  |           |

## LIST OF TABLES

|                  |   |           |
|------------------|---|-----------|
| <b>Table 1:</b>  | Contents of CP and AA in barley samples and in the assay diets (g/kg DM) ..   | <b>14</b> |
| <b>Table 2:</b>  | Contents of apparent ileal digestible (cAID) CP and AA (g/kg DMI) in the assay diets .....  | <b>15</b> |
| <b>Table 3:</b>  | Apparent ileal digestibility (AID) of CP and AA in the assay diets (%) and standardized ileal digestibilities (SID) in barley samples calculated by correcting AID of AA in the assay diets for basal ileal endogenous losses (Jansman <i>et al.</i> , 2002)..... | <b>18</b> |
| <b>Table 4:</b>  | Standardized ileal digestibilities (SID) of CP and AA (%) and basal ileal endogenous losses (IAA <sub>end</sub> ) in barley samples estimated by regression analysis between the apparent ileal digestible and total dietary AA contents (g/kg DMI) .....         | <b>20</b> |
| <b>Table 5:</b>  | Composition of the experimental diets for determination of standardized ileal digestibility of CP and amino acids in eight barley genotypes (% as-fed).....   | <b>36</b> |
| <b>Table 6:</b>  | Composition of the crystalline amino acids (AA) mixture added to the experimental diets (% as-fed) .....  | <b>38</b> |
| <b>Table 7:</b>  | Contents of proximate nutrients, gross energy, protein fractions, and physical characteristics in eight genotypes of barley grown under identical environmental conditions (for details please see footnote 1 in Table 1) .....                                   | <b>42</b> |
| <b>Table 8:</b>  | Amino acid (AA) contents (% of CP) in eight genotypes of barley grown under identical environmental conditions (for details please see footnote 1 in Table 1) .....   | <b>44</b> |
| <b>Table 9:</b>  | Carbohydrate and lignin content (% as-fed) in eight genotypes of barley grown under identical environmental conditions (for details please see footnote 1 in Table 1).....  | <b>45</b> |
| <b>Table 10:</b> | Standardized ileal digestibility of CP and amino acids (AA; LS means $\pm$ SEM (%)) in eight genotypes of barley grown under identical environmental conditions (for details please see footnote 1 in Table 1) fed to growing pigs ..                             | <b>48</b> |
| <b>Table 11:</b> | Standardized ileal digestible contents of CP and amino acids (AA; LS means, % as-fed basis) in eight genotypes of barley grown under identical environmental conditions (for details please see footnote 1 in Table 1) fed to growing pigs .....                  | <b>49</b> |
| <b>Table 12:</b> | Ingredient composition of the assay diets (g/kg, as-fed) .....  | <b>64</b> |

---

|   |           |
|---|-----------|
| <b>Table 13:</b> Chemical composition of the eight barley genotypes (g/kg dry matter) .....   | <b>68</b> |
| <b>Table 14:</b> Contents of crude protein (CP) and amino acids (AA) in the barley-based assay diets (g/kg dry matter) .....  | <b>69</b> |
| <b>Table 15:</b> Contents of apparent ileal digestible crude protein (CP) and amino acids (AA; LSmeans $\pm$ SEM, g/kg dry matter intake) in the barley-based assay diets fed to growing pigs. ....                           | <b>71</b> |
| <b>Table 16:</b> Standardized ileal digestibility (SID) of crude protein (CP) and amino acids (AA) and basal ileal endogenous losses (IAA <sub>end</sub> ; g/kg dry matter intake) in the barley genotypes ( $n = 68$ ) ..... | <b>72</b> |

## LIST OF ABBREVIATIONS
